

**SLMANA
INSTRUCTIONS FOR THE PREPARATION
OF POSTER**

FORMAT

- Posters must reflect the material summarized in your abstract.
- Posters must be designed to provide registrants with an in-depth learning experience.
- Maximum poster size is 60 inches horizontal by 45 inches vertical.
- Typically PowerPoint can be used to create posters.
- Each board will be identified by a number corresponding to the number of the poster listed in the Program Book
- Posters can be mounted on provided display boards using push pins or Velcro.
- It is a good idea to have business cards available at your poster.
- Tips for creating great posters can be found at <http://www.swarthmore.edu/NatSci/cpurrin1/posteradvice.htm>
